PRODUCT CARE

Respect the product's natural shape. Do not separate the tips more than one pinkie width apart.

WATERPROOFING

DUET PRO is only waterproof when fully assembled. Make sure the seal is tight. Be careful not to wiggle the body loose from the tip during cleaning

BATTERY LIFE

Do not leave product in fully discharged state for more than a week as it can permanently damage the battery. It is best to charge the product soon after use.

! PRODUCT SAFETY

Not for vaginal or anal penetration.

Do not use silicone based lubricant. Use only water based lubricant.
